Whole house renovation by Power Home Improvements. This features an open concept floor plan. The centerpiece is the kitchen with its granite topped island and countertops, Tile backsplash, White shaker Cabinets, Stainless steel appliances and pendant lighting. The main room has a cathedral ceiling, and there is water resistant vinyl plank flooring throughout the house. The private primary suite offers dual closets, A full bath with a walk-in fully tiled shower, marble tiled floors, and a double vanity. The additional bedrooms are at the opposite end of the house and share a full bath with a tiled tub surround and tiled floor. There is plenty of natural light in the house along with plenty of storage. The house sits on a large corner lot at a high elevation. A bonus is the detached one and a half car garage.
