COMMENTS

Historic Cape May area home. This 4 bedroom 2 1/2 half bath home that once served the community as a schoolhouse. The antique school bell on the exterior of the home will convey with the sale. The property was converted to a single-family home around 1923. The current owners have continued to update the home. New Central Air was installed in 2020. The bathrooms were remodeled in the last couple of years as well as installing new flooring. You don't want to miss the Primary bath. They replaced the original siding with composite cedar shake siding and composite decking. This will keep the historical beauty while making the home maintenance free. The new roof was put on when the solar panels were installed. The beautiful back yard also has new fencing, making this a perfect spot for your own private oasis. Plenty of room to install an inground pool and pool house. Home may be partially furnished. List of inclusions upon request. The sellers have successfully raised chickens here and the coop is ready to continue the tradition. This is the perfect opportunity to live in a large property, 7 minutes from Cape May. Just waiting for the new family to make memories. Make your appointment for a private showing of this beautiful home today.
