**COMMENTS**

Nestled on the highly desirable southwest corner of 108th Street and Second Avenue, this quintessential Stone Harbor cottage offers a rare opportunity. The corner location is ideal, ensuring abundant natural light on three sides while also maximizing privacy, with 108th Street's extra 10 feet of street width adding even more space and seclusion. The 55' x 100' lot offers ample potential for new construction of up to 2,750 square feet while allowing for multiple decks, a spacious rear, and a sun-soaked pool. The existing structure has been a fixture on Second Avenue since 1946 and been lovingly maintained by the same family for almost 40 years. The property offers generously sized entertaining spaces, with individually dedicated space to the kitchen, dining room, and a surprisingly large living room. The home has three bedrooms and two bathrooms, including a very large primary suite located on the second floor. A huge garage, in addition to rear yard storage, makes storing bikes and beach toys easy, and a large storage attic currently functions as a fourth sleeping quarters. The location is prime. The property sits just a two cross streets from a guarded beach. The home is also far enough away from the center of town to not feel the weekend traffic, yet close enough to easily walk to all the shops, restaurants, and nightlife in downtown Stone Harbor. Other nearby amenities include Clark's Market on 108th and Third Avenue, Chelsea Place Park on 106th Street, Nun's surfing beach on 111th Street, the Stone Harbor bird sanctuary starting on 111th Street, and public bay access on 114th Street. Corner properties rarely become available for sale in Stone Harbor - do not miss your opportunity to preview is exceptional property. HOME IS SOLD IN AS-IS CONDITION.
