

Wrangleboro  
Galloway Township, NJ 08205

Asking \$20,000.00

### COMMENTS

7.4 acres subject to wetlands delineation and other government approvals. The wetlands map from NJDEP shows the entire site is potentially a wetland. The map is a screening tool and accuracy should be verified by a possible buyer. There is also a possible federally endangered species (a bat) and a threatened species (barred owl) associated with this area. Field inspections would be needed to verify.
