COMMENTS

What a cute little gem right on the Delaware Bay in the fishing capital of NJ! And, it should be mentioned - a little \$ Money Maker \$ too... Relaxing Getaway AirBNB with proven track record and ready for you to take over. Taxes, flood and homeowners insurance are all very reasonable. Kitchen recently upgraded with new marble countertops and cabinets to accommodate a modern open floor plan for the first floor. Come down and relax, kayak, fish, all steps from the beach (beach access is 1/4 mile walk). Enjoy a world-class meal at the Charlesworth or go fishing on one of the charters that go out daily in season. From the home, you can see the ships passing by and even the lights of Delaware at night. Direct view of the crashing waves and shimmering sunsets (sun sets due west, directly in front of you!) Huge back yard with picnic table, grill and fire pit to enjoy with friends, family and pets. All contents -furniture, amenities, wall hangings, 2 kayaks, and all "tchotchkes!" - come with the sale, making this an immediate turn-key opportunity. Property is being sold "as-is" although there are no known problems. Easy Go and Show with lockbox (rear door) entrance.
