BRING YOUR IMAGINATION! This 2 bedroom, 1 bath bungalow was built in the late 1950's and is a total "blast from the past". Sitting on approx. .66 acres, the home has a sunny living room with brick fireplace that could possibly be converted to a gas insert, eat-in-kitchen and separate laundry room which, if combined, could make a large kitchen/dining area, 2 enclosed porches, and partial basement with new furnace and hot water heater. Sure, you'll need to bring some tools, but this home has tons of potential! Public water and sewer now service the property and seller has documentation concerning prior abandoned septic system and well. (Being sold as is)
