

523 Shaw
Pleasantville, NJ 08232

Asking \$19,900.00

COMMENTS

POSSIBLE buildable lot. There was a house on the lot some years ago. Now in order to rebuild you must get a variance from the city since it is now considered an undersized lot but the chances of getting approved for the variance could be in your favor since there was already a house on the property. The vacant lot is located in a good quiet neighborhood and it is PRICE TO SELL.
