Rare Gold Coast Single Family on a quiet street. This newly renovated single family home is one of a kind! After a full remodel, this property has it all! Features include a 10ft kitchen island with seating for the whole family, spacious master suite with cathedral ceilings, large master bathroom, and walk in closet, a FIRST FLOOR Jr. master bedroom with another en suite bathroom, two laundry rooms, a den area that could also be used as a 5th bedroom, separate dining room, and a detached garage with a huge rooftop deck. Just a short walk to the boardwalk and Ocean City's famous Goldcoast Beaches. Parking will not be an issue here with plenty of off street and on street parking. This home will be like new throughout with custom cabinetry, engineered hardwood flooring, quartz countertops, fully tiled showers, and an upgraded trim package. Dont settle for the standard duplex when you can have a custom single family! Expected completion date of early fall 2024.
