Atlantic City, NJ 08401

Asking \$135,000.00

### COMMENTS

Welcome to the Warwick on the Boardwalk. The owners of this condo have priced it to sell quickly and to close as soon as possible. It is a 1 bedroom with all utilities included, on the Boardwalk, fabulous swim club, 24 hour front desk attendant, full scale gym, social room, large storage locker but there might be a short waiting period, a large redone laundry room, close circuit monitoring and the list goes on and on. It is being sold partially furnished and the mirrored closet doors add a beautiful look. There is carpet in the LR & BR and tile in the kitchen and bath. Overlooking the view of the much more expensive condos that are on the market 207 is a fabulous purchase as a permanent residence or definitely a 2nd get-a-way. 207 is easy to see anytime between 9 AM and 5 PM. Once again keep in mind the asking price of \$135,000.00 which is unheard of considering what comes with it. Pictures will be in the system next week
