Absolutely Stunning! The moment you step inside, you'll be captivated by the attention to detail and thoughtful design that flows throughout the entire home. This 4 bedroom and 3.5 bathroom home appears as a ranch, but it is a 2-story home with the primary bedroom on 1st floor. As you enter the main level it has a custom Eat-In Chef's Kitchen with soft close cabinets, 8 ft Island, Quartz countertops, pantry, under cabinet lighting, farmhouse sink, new stainless-steel appliances and custom dry bar cabinet. The kitchen is open to dining area and family room with gas fireplace and surround sound. Other rooms include formal dining room, formal living room, office, oversized mud room, and half bath. The Primary bedrooms suite on the first floor has 3 closets (2 are walk-in), beautiful bathroom with glass shower doors & 2 separate vanities. Exterior French door off the bedroom that lead to a private deck with retractable awning overlooking the in-ground pool. Main level features wide plank Coretec Hi Volume flooring, lots of natural light and recessed lighting throughout. Take the sweeping staircase upstairs to 3 large bedrooms, one could be a 2nd primary suite with private bathroom. The 2 additional large bedrooms share a bathroom and each has 2 closets. The basement is currently being used as a gym, workshop and storage area. Attached 3 car garage with epoxy coated flooring. Venture outdoors to professionally landscaped yard with additional patio area, In-Ground heated, saltwater pool and lots of room to play! If that is not enough to wow you, the following were updated in 2021: new roof, windows (including the basement), 2 HVAC, water filtration system, full house Generac generator. Located in the executive style neighborhood of Lost Pine Village across from Seaview Country Club, and close to Galloway National Golf Course, restaurants and shopping.
