Steps to the bike path and walking/biking distance to Northfield's Award Wining Schools!!! Don't just drive by because this home is much larger than it looks from the outside! With almost 1900 sq feet (not including the partially finished basement) this home has very large rooms including the living room and dining room and all 3 bedrooms are all very substantial. There are hardwood floors under the carpet which is in great condition but remove the carpet and there are hardwood floors for you! The kitchen is also a good size and can fit a pub table! The Primary bedroom has access to a full bath with a tiled shower. There is also a full bathroom with shower/tub combo in the hall for guests and the other 2 bedrooms to share. Large walk in closet in the primary bedroom affords enough space for all of your attire! New washer and dryer were installed a few months ago. Take a look at the basement which is the full size of the home and is almost completely finished. There are 2 other rooms that are unfinished which could be storage space. There is a bar in the basement as well. Don't forget to take a seat in your new sunroom which affords a ton of light and peaceful moments for you to read or relax while watching the birds outside! The back yard is completely fenced in and features a multi level Trex deck for all of your entertaining needs! Shed is included in the sale. The 2 gas fireplaces will stay! Don't forget to check out your 2 car garage!! This home really has it all! Don't miss out on this latest Northfield listing!! Minutes to schools, Library, beaches and shopping! Parkway and Expressway are very close and you are minutes to AC nightlife!!! Sellers would like to sell the home as is and do no repairs. All home inspections are for informational purposes only.
