There's never been a better example of what an "open floor" plan concept looks like! This one is UNIQUE for all the right reasons. Ranchers are a rare find. A true, four bedroom (featuring hardwood floors that glisten) rancher is an even harder find. The full basement is impressive with opportunities to be finished into additional living space or it can remain as storage. The home is centrally located. Walking distance to the Hammonton Lake Park and Downtown. Plenty of yard to park multiple vehicles and enjoy outside entertainment with a depth of 289 ft! The pride of ownership shows! **PARK IS THE PLACE TO BE!**
