Elegance- "Characterized by or exhibiting refined, tasteful beauty of manner, form, or style". Sophisticated: "Having or appealing to fashionable and refined tastes and habits". These are just a few words to describe this amazing project by Oasis. They've outdone themselves from the planning process to the design stages. It takes a certain builder to have the vision in order to maximize the potential of this extra-large lot. Their design team added a great mixture of timeless features along with modern flare to make this project at 34 N Woodcrest Avenue stand above the rest. When I first pulled up to the Woodcrest Project, I realized it wasn't just a Home it was a Lifestyle. The exterior was modern with some traditional touches, landscaping, pristine and maintainable. The 1st floor welcomes you with a cozy cabana area that overlooks the outdoor oasis. I noticed a gas hookup for a grill, outdoor speakers, a security system and gunite pool. There is also access to the 2-car garage and elevator that stops at every level of the home. When I walked up to the 2nd floor I was welcomed by floor to ceiling windows illuminating the great room and chef's kitchen. I thought to myself that "This is a Page out of the Lifestyle Magazine!" You will notice the finest of materials used throughout the home. The front deck is covered, spanning across the front of the home and wrapping all the way around to the pool area. I can only imagine the entertaining I could do here! When you head up to the 3rd floor there are 4 en-suites that branch off the main hallway. The bedrooms and bathrooms offer spacious retreats that were brilliantly designed and decorated. Which one is the Master Suite? Could there be more than one? The staircase travels to a 4th floor where I ventured to check out. There was a spacious office to the right and when I turned left, I gasped at the thought of this room being my Master Suite. It was just perfect with the large walk-in closet, tall ceilings, private deck and that Bathroom! Wow just Wow! I really don't know what else to say other than if you are looking for a year-round or Shore Home in Longport NJ you better check out this newly crafted Masterpiece by Oasis.
