This is, indeed, a very spacious abode. Homeowners has maintained quite well. However, it could use a boost of Farm and Country modern flair, updating. New water heater. Baseboard heating system had a rehaul on the mechanics. So, runs efficiently. Long driveway. So, lots of frontage for landscaping. Cute porch for those rocking chair days. 4 levels of a unique design. Not your cookie cutter home. Top floor has 2 bedrooms. 1 full bath. Main level has a Large Livingroom that greets you as you enter the home. Eat in kitchen. A full bath that connects you to a 3rd bedroom. Which has a walk-in closet. Walk down, there is a bonus Great Room. Quite large. sliders that overlook the beautiful, sprawling backyard. Partially fenced in. Shed is included. Make your way down one more time. And now you're in the basement. A gym, perhaps? Ample storage space on this last level. Laundry area and utility room, as well. Windows were professionally replaced in 2006.
