COMMENTS

Don't wait for Wharton Park. Check out this ravishing rancher. The pride of ownership is evident from the moment you pull up. The home boasts of upgrades. Freshly laid asphalt (features an additional bump out for parking along with a oversized carport) The front yard is meticulously landscaped and fenced. The roof is new (sitting under solar) while the HVAC and WELL are BRAND NEW. Walk through the front door to large, open living room that flows right into your kitchen and sunroom! My favorite feature and most likely YOURS TOO is the 115 x 170 backyard, (believed to be the biggest in all of Wharton Park) It allows for so many opportunities and boasts of multiple outbuildings, including a 10 x 20 shed! Where else can you find a home at this price, with all this home has to offer? You Can't.
